Experiences

Freelance/Contract

Luca Iaconelli

Jul 2020 - now

Developer of high-performance, responsive applications for web, mobile, and native platforms: UI/UX implementation (layout, styling, accessibility), performance engineering (optimization, caching, offline access), quality assurance (testing, CI/CD integration)

Full stack developer

Illimity Bank

Jul 2019 - Aug 2020

Led the Frontend team, ensuring high-quality code delivery within deadlines, selected technologies and architectural designs aligned with company requirements, focusing on code quality and consistency. This role allowed me to stay up-to-date with frontend best practices and continually improve my development, communication, and mentorship skills

Full stack developer

IT Auction

Apr 2017 - Jul 2019

Developed a data-driven, serverless corporate web application using cutting-edge technologies. This experience allowed me to refine my skills in SSR and data-driven application development, further expanding my proficiency in Frontend technologies

Full stack developer

Studio Mado

Dec 2015 - Apr 2017

Developed and maintained high-end front-end applications, utilizing a range of technologies including JavaScript (ES6+), TypeScript, CSS3/Sass, and HTML5

Co-Founder/Lead developer

IDEARTE Design

Dec 2015 - Jul 2019

My digital agency specialized in growth-driven web solutions

Full stack developer

SED Web Agency

Dec 2014 - Dec 2015

Design and development of many e-commerce, e-learning platforms, landing pages and custom plug-ins on the WordPress platform plus the development of mobile applications

FrontEnd developer

Beta Formazione

Dec 2013 - Dec 2014

Design and development of many e-commerce and e-learning platforms

Full stack developer

Your3Minutes

Mar 2014 - Aug 2014

Multilingual web video-recruitment platform, which can also be used on mobile phones

Programming Tutor & Mentor

Studio Abacus

May 2011 - Aug 2014

Mentored students from multiple schools, adapting explanations to individual learning styles

Full stack developer
