Skills

AWS

S3

NuxtJs

VueJs

WordPress

Jul 2019 - Aug 2020
Led the Frontend team, ensuring high-quality code delivery within deadlines, selected technologies and architectural designs aligned with company requirements, focusing on code quality and consistency. This role allowed me to stay up-to-date with frontend best practices and continually improve my development, communication, and mentorship skills

IT Auction

Full stack developer
Apr 2017 - Jul 2019
Developed a data-driven, serverless corporate web application using cutting-edge technologies. This experience allowed me to refine my skills in SSR and data-driven application development, further expanding my proficiency in Frontend technologies

Studio Mado

Full stack developer
Dec 2015 - Apr 2017
Developed and maintained high-end front-end applications, utilizing a range of technologies including JavaScript (ES6+), TypeScript, CSS3/Sass, and HTML5
